### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance. Independent claim 1 as amended now recites specific features of the valve head which, in combination with the rest of the valve of claimed, is not anticipated or rendered obvious by the prior art of record. Newly added independent claims 17-19 correspond to allowable claims in independent form. Newly added independent claims 20 and 22 correspond to claim 2, which was previously rejected, but the references used to reject are now deemed not combinable in the manner stated in the previous rejection in view of Applicant's arguments in the response on page 12, first two paragraphs. Newly added independent claim 23 recites a spring in combination with the device with such specificity that the device as claimed is not anticipated or rendered obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter T deVore whose telephone number is (571) 272-4884. The examiner can normally be reached on Monday to Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Justine Yu can be reached on (571) 272-4835. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
